Summary

Senior Software Engineer with **8 years** of experience building SaaS platforms, developer tools, and web applications. Owned end-to-end development of multi-tenant marketplace APIs serving 100+ ISV partners at **Tackle.io**. Led healthcare compliance automation and LMS platform improvements serving 15,000+ students at **Ultimate Medical Academy**. Developed and maintained SDK integrations and imaging components at **Accusoft**. Seeking to leverage deep **Python, Django**, and **REST API** expertise to deliver open-source solutions and enterprise consulting services. Owns production infrastructure end to end, including on call coverage, deployment automation, and monitoring across distributed services. Comfortable partnering with platform and application teams on reliability work.

Core Skills

Languages: Python, JavaScript, TypeScript, HTML/CSS, SQL

Frameworks: Django, Flask, React, Node.js, Express

Databases: PostgreSQL, MySQL, Redis, MongoDB

Cloud & DevOps: AWS, Docker, Kubernetes, CI/CD, GitHub Actions

Tools & Practices: RESTful APIs, GraphQL, Agile/Scrum, Git, pytest, Ansible, Terraform, Prometheus, Grafana

Work Experience

Senior Software Engineer | Tackle.io | Remote | 03/2022 - Present

- Architected and delivered multi-tenant marketplace APIs using **Python** and **Django**, enabling 100+ independent software vendors to list and sell products through cloud marketplaces.
- Designed and implemented complex billing integration services handling **webhook** processing for multiple cloud platforms including AWS, Azure, and GCP.
- Led migration of legacy services to **AWS** infrastructure, resulting in improved system reliability and 40% reduction in deployment time.
- Mentored junior engineers through code reviews and pair programming sessions, improving team velocity by streamlining review processes.
- Built scalable backend services processing high-volume transaction data with **PostgreSQL** optimization and efficient query patterns.
- Developed comprehensive **API** documentation and developer guides, reducing integration support tickets from partner teams.
- Implemented automated testing framework with **pytest** achieving 85% code coverage across critical services.

Software Engineer | Tackle.io | Remote | 06/2021 - 03/2022

- Developed and maintained core marketplace platform features using **Python, Django**, and **PostgreSQL** in an agile team environment.
- Collaborated with product management to translate business requirements into technical specifications and implementation plans.
- Optimized database queries and implemented caching strategies with **Redis** to improve application response times.
- Integrated third-party payment and subscription services through reliable **REST API** implementations.

Software Engineer II | Ultimate Medical Academy | Remote | 04/2019 - 06/2021

- Redesigned and rebuilt core LMS platform components using **Django** and **React**, improving course delivery to 15,000+ enrolled students.
- Developed internal administrative tools that simplified student enrollment workflows, saving 20+ hours weekly for operations team.
- Built real-time notification system using **WebSockets** and **JavaScript**, enhancing student engagement with course updates.
- Implemented HIPAA-compliant data handling procedures and automated compliance checks, reducing manual audit effort.

Software Engineer I | Ultimate Medical Academy | Remote | 08/2018 - 04/2019

- Developed new features and maintained existing functionality of the learning management system using **Python** and **Django**.
- Created automated reporting modules for student progress tracking and institutional compliance reporting.
- Collaborated with instructional designers to implement interactive course content and assessments.

SDK Intern | Accusoft | Remote | 06/2017 - 08/2018

- Contributed to bug fixes and performance improvements in existing **JavaScript** and .NET-based imaging libraries.
- Developed and tested imaging SDK components and documentation for software developer integration.

Education

Bachelor of Science

University of South Florida

08/2014 - 05/2018
